Prayer Fuel Patterns

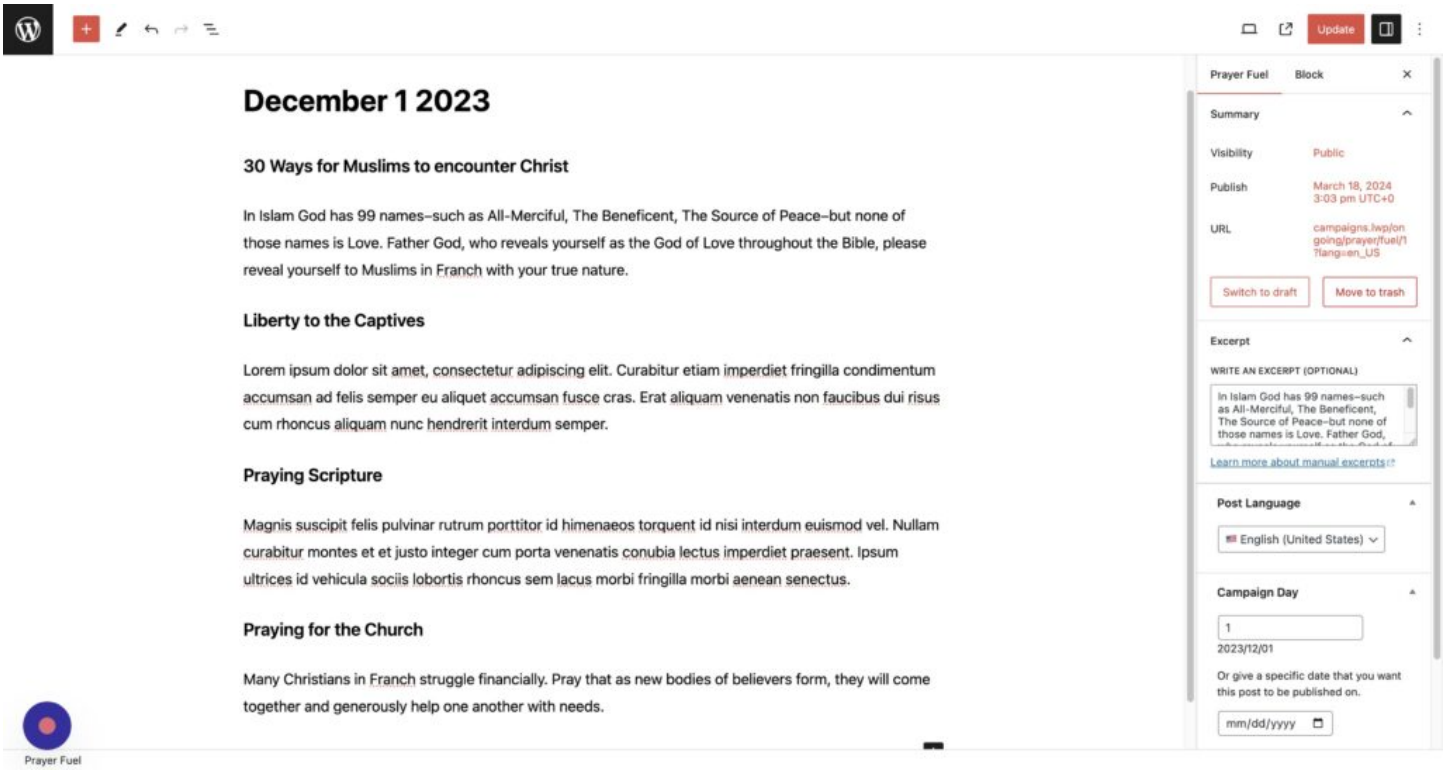

Prayer Fuel · https://prayer.tools/docs/prayer-fuel-patterns/

Want to use a template to create each day's prayer fuel?

Creating a Pattern

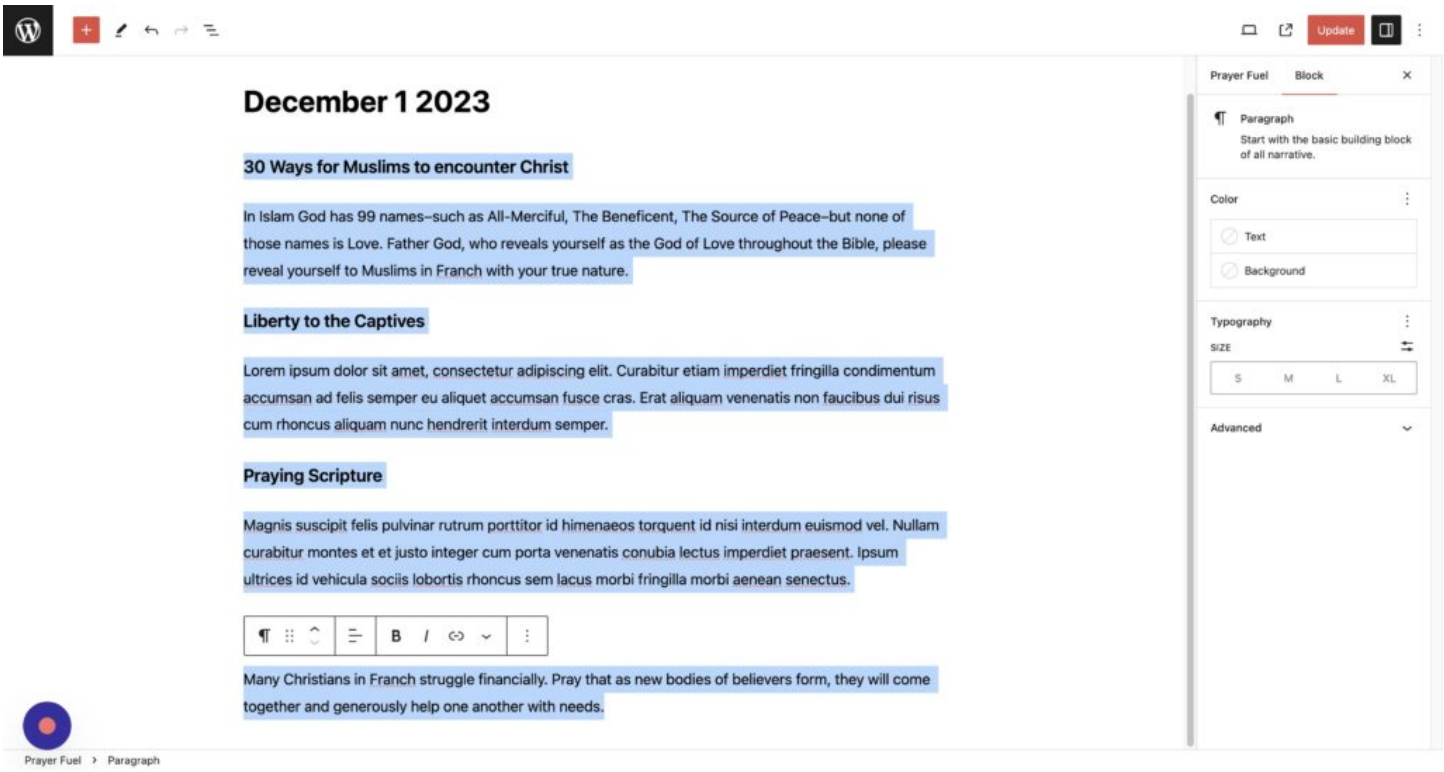

Step 1

Write you template

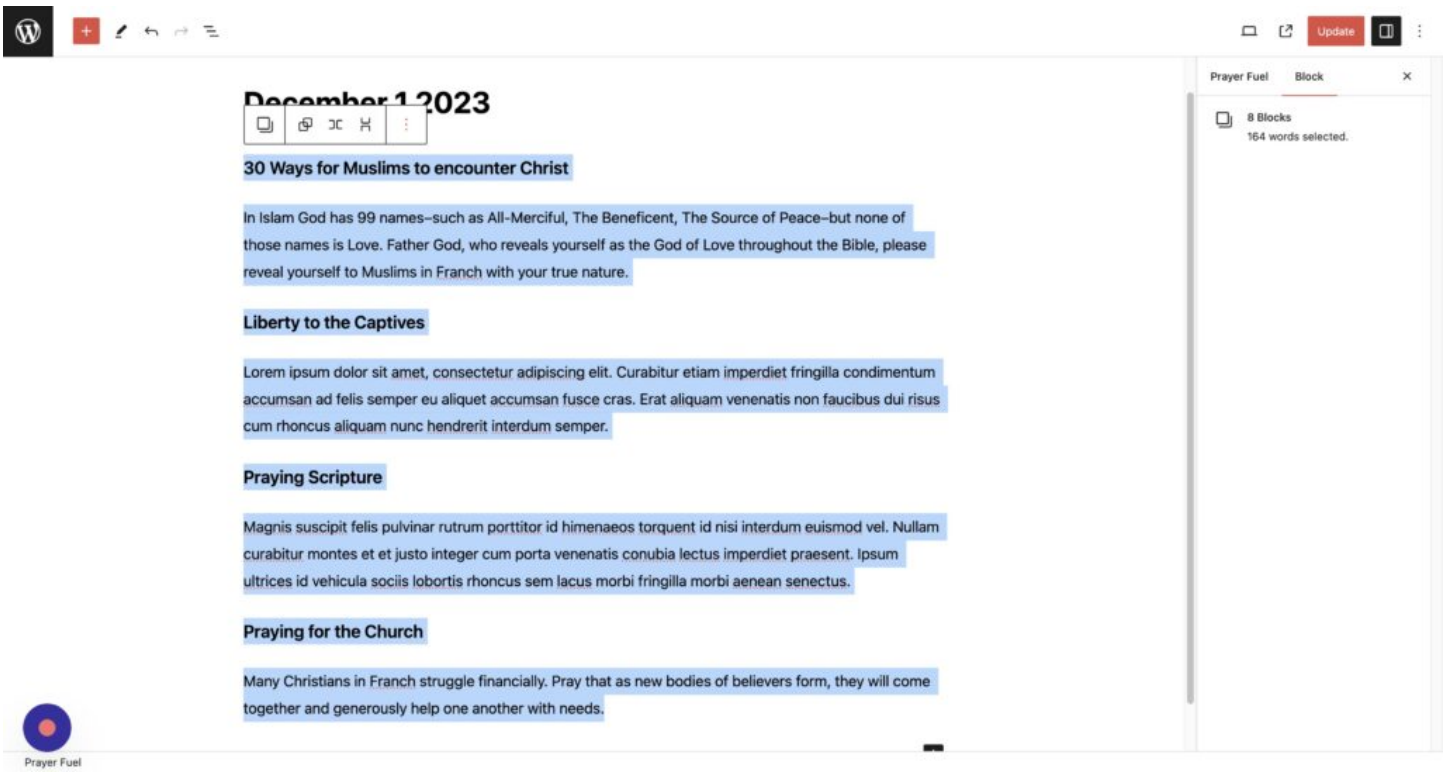

Step 2

Select all the text you want included in the template.

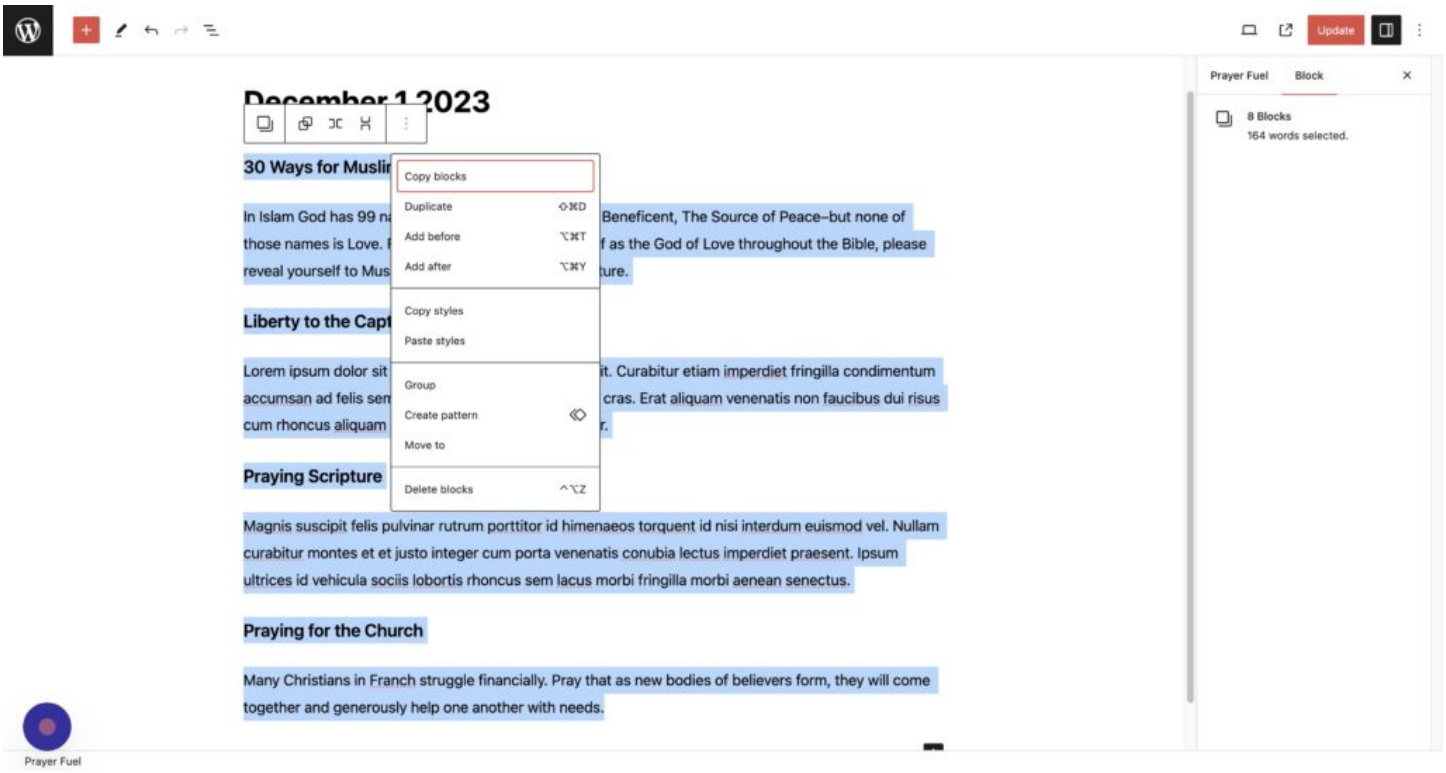

Step 3

Click the more icon.

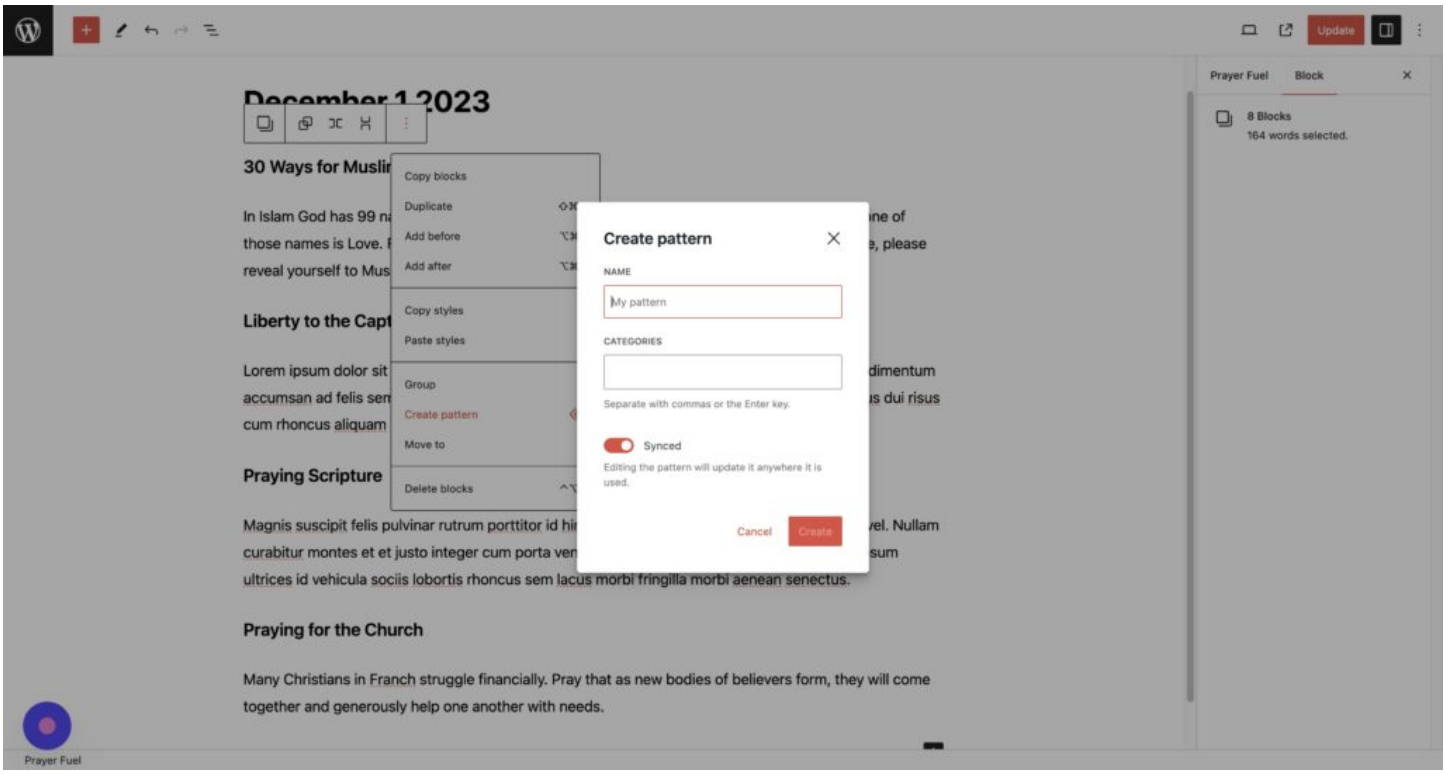

Step 4

Click "Create pattern"

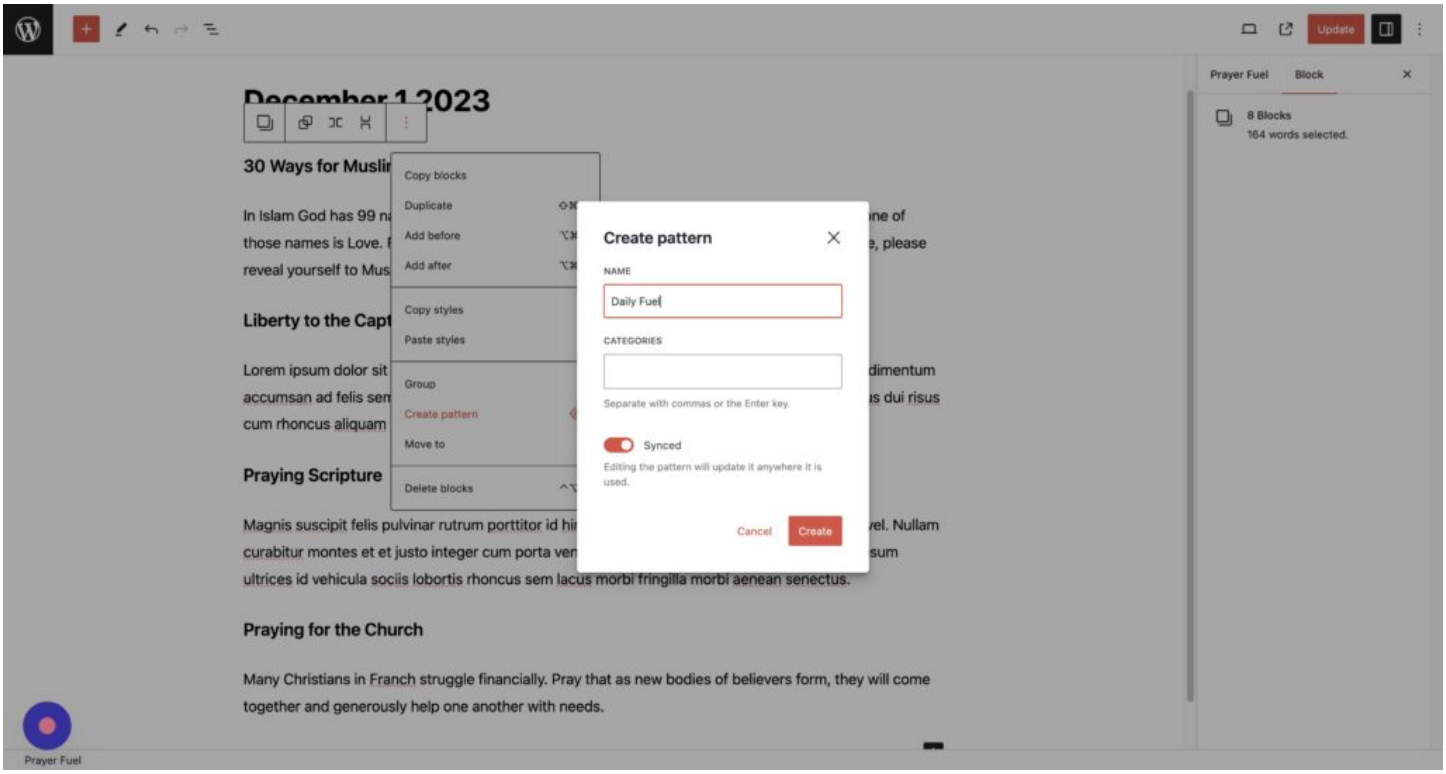

Step 5

Name your pattern

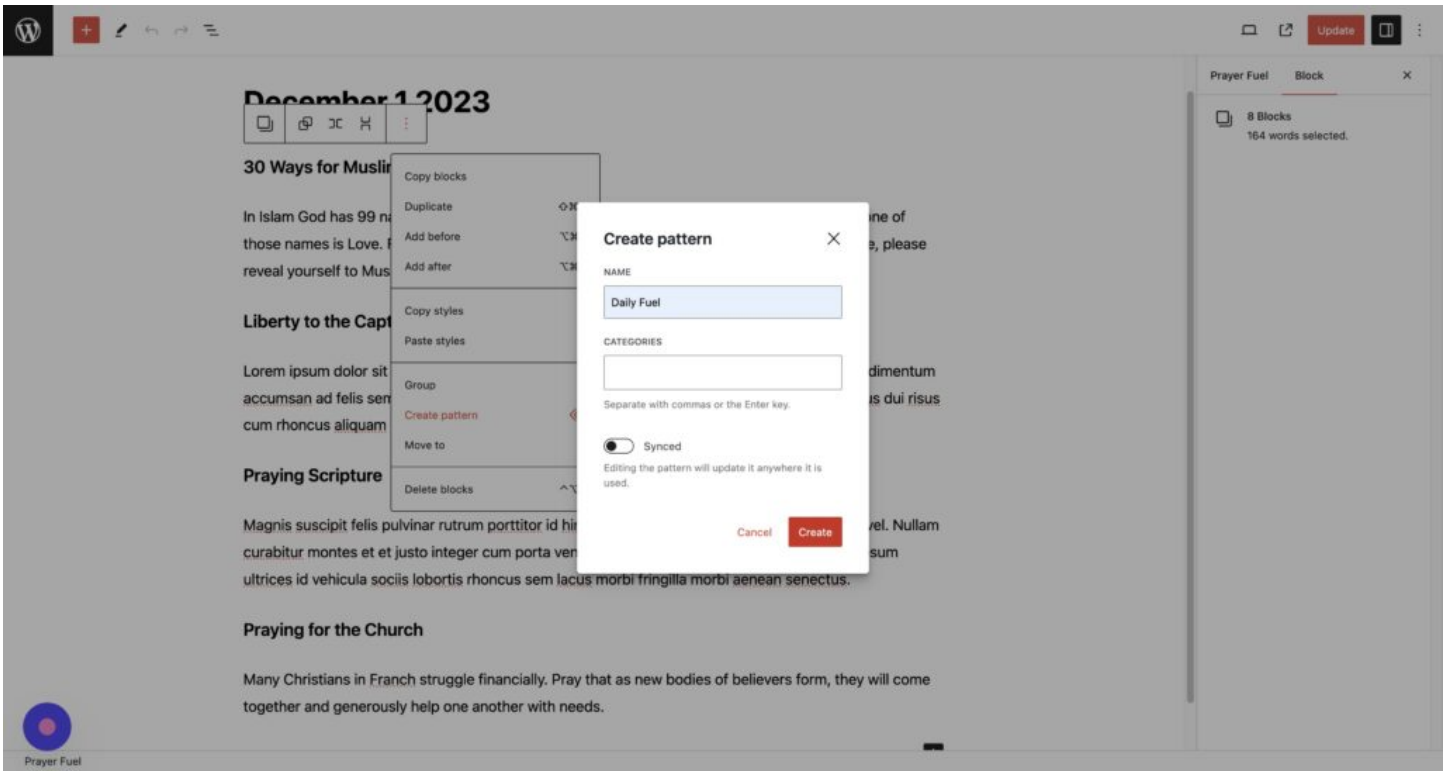

Step 6

IMPORTANT: Click the "Synced" field to unselect it

Step 7

Click "Create"

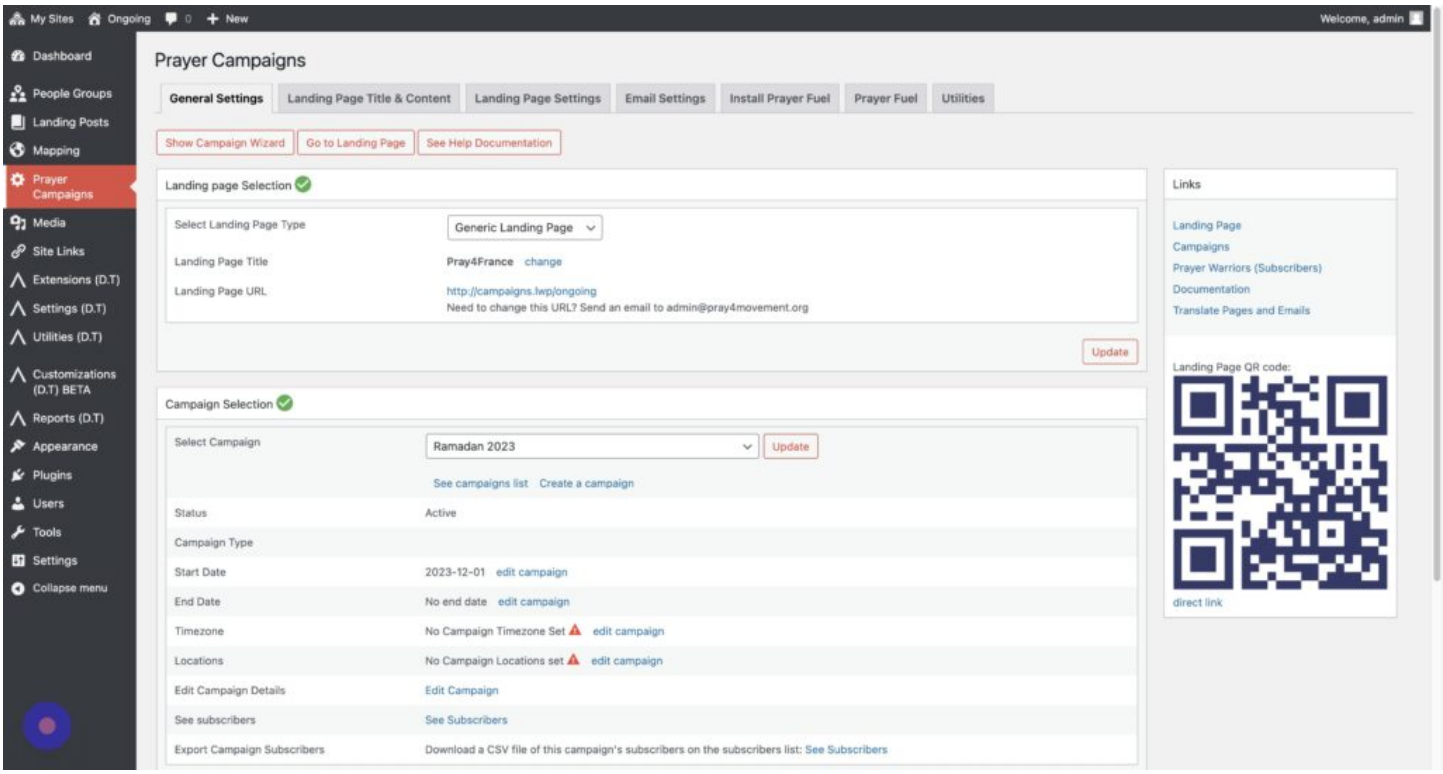

Note: Synced patterns are blocks that have the exact same text everywhere the pattern is used. For each prayer fuel post we want to start with a pattern and then modify the text. For this we use **un-synced patterns** and we need to unselect the "synced" option when created the pattern.

Using a Pattern

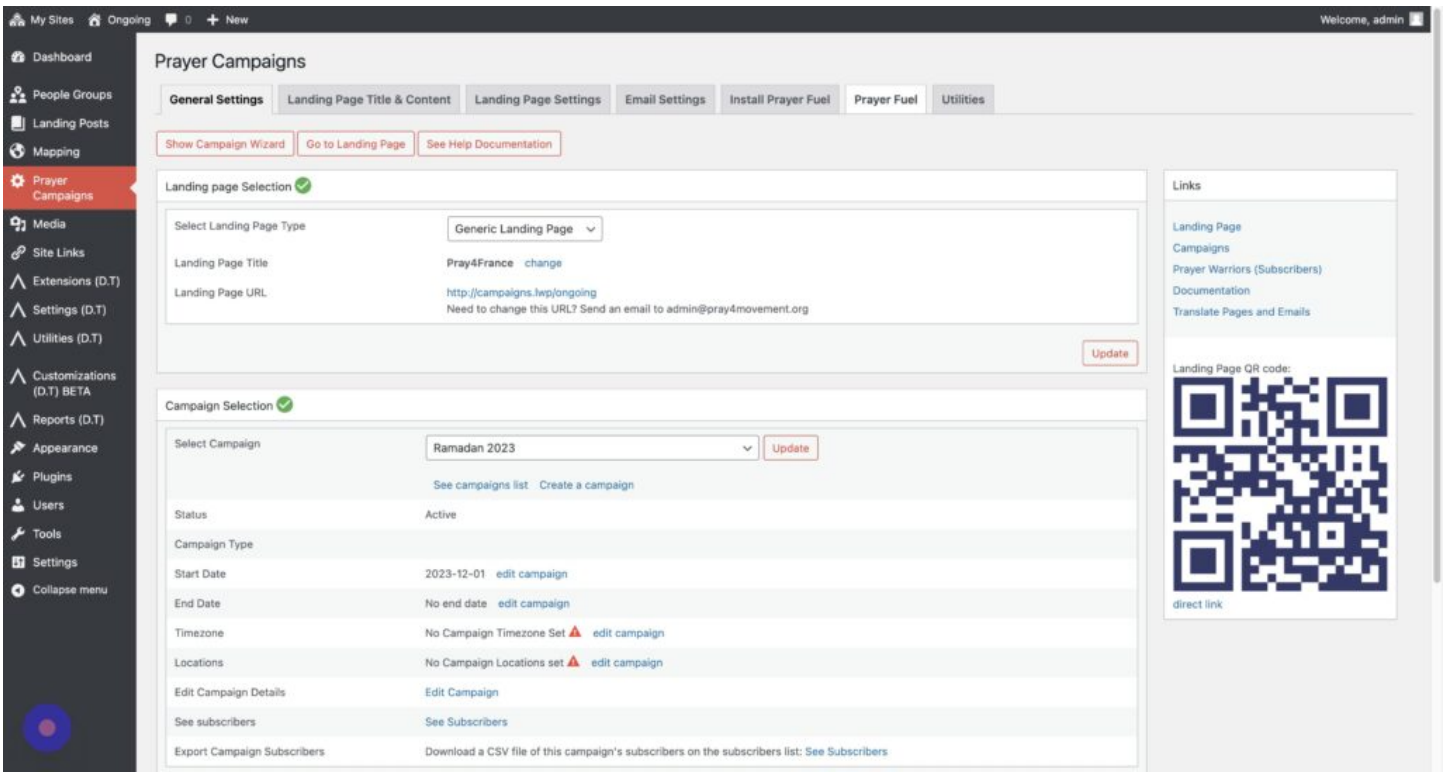

Step 1

Click "Prayer Campaigns"

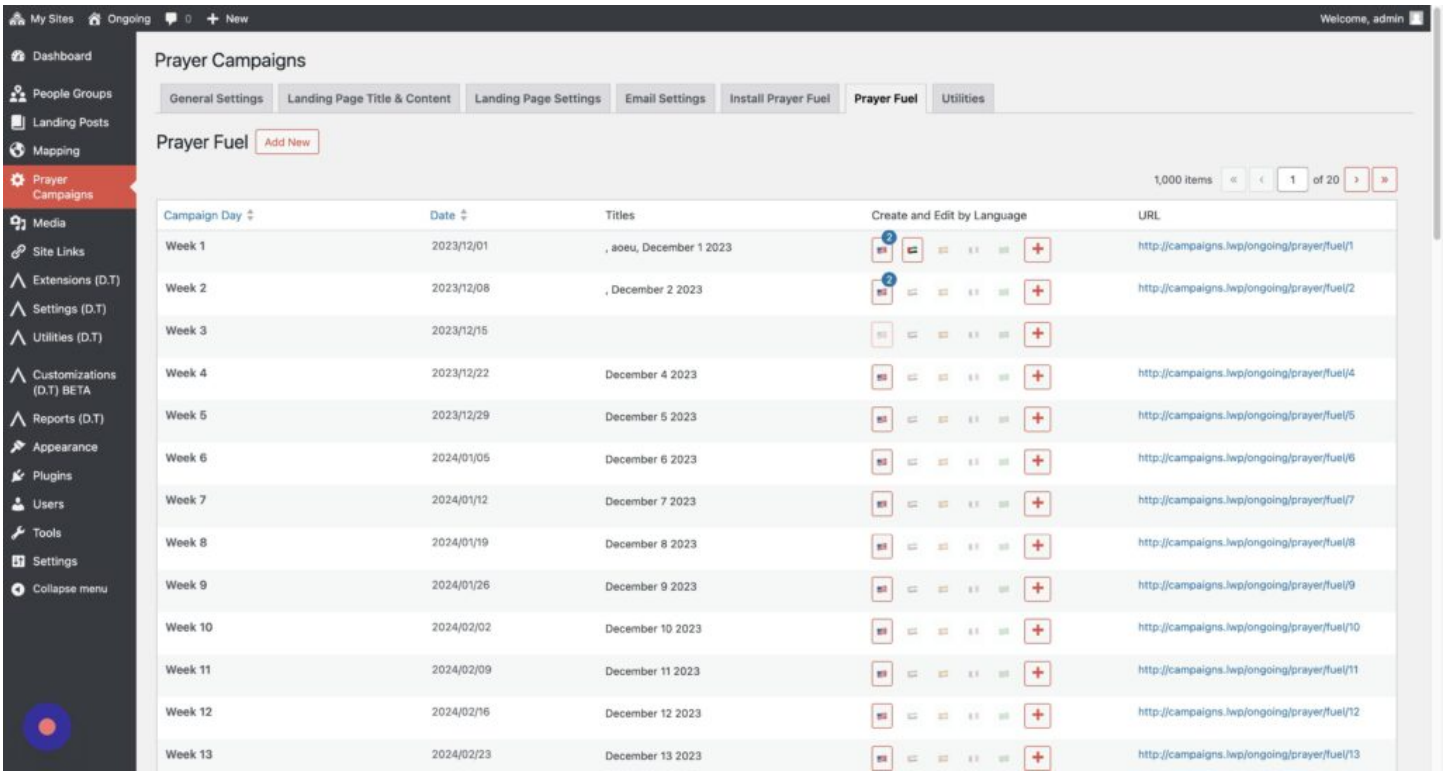

Step 2

Click "Prayer Fuel"

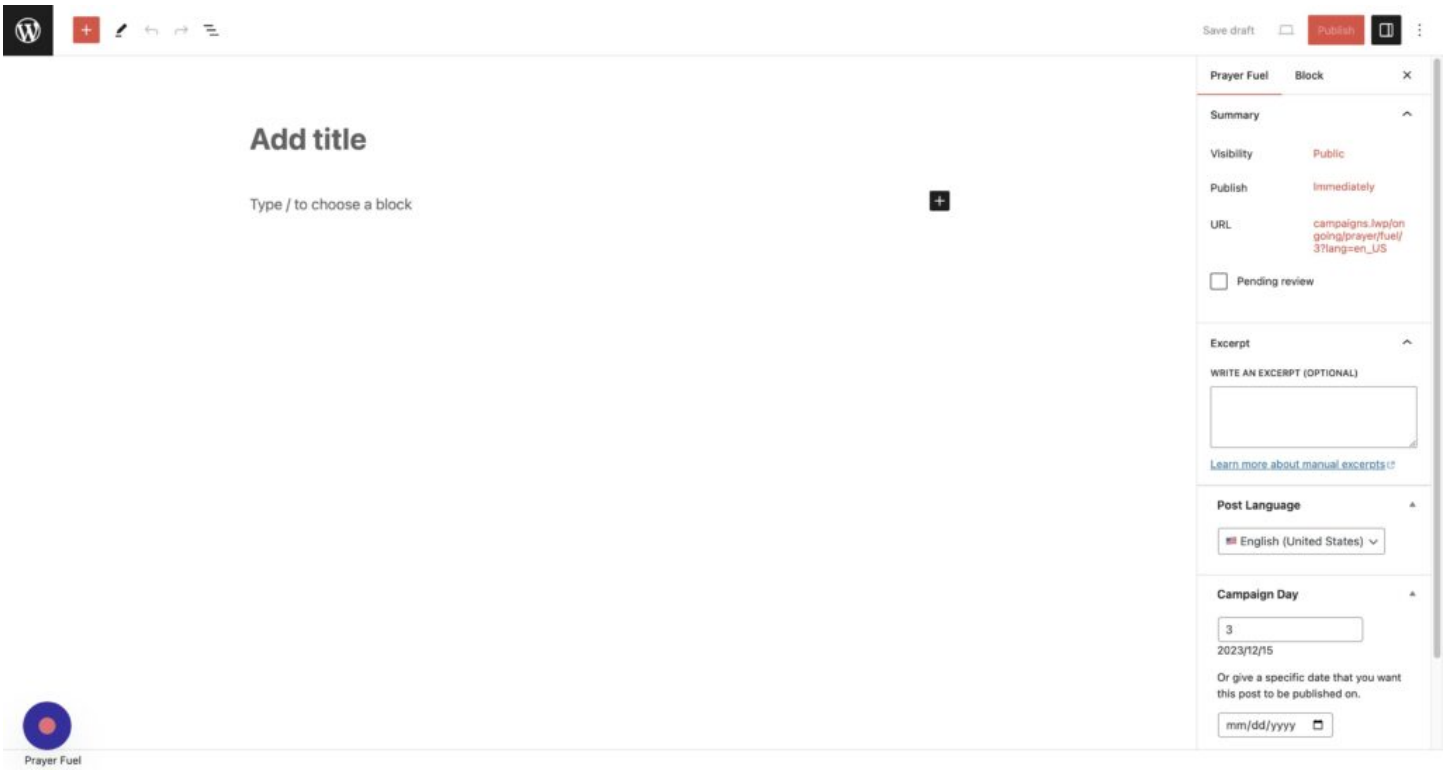

Step 3

Create a new prayer fuel post by clicking the flag on the correct day

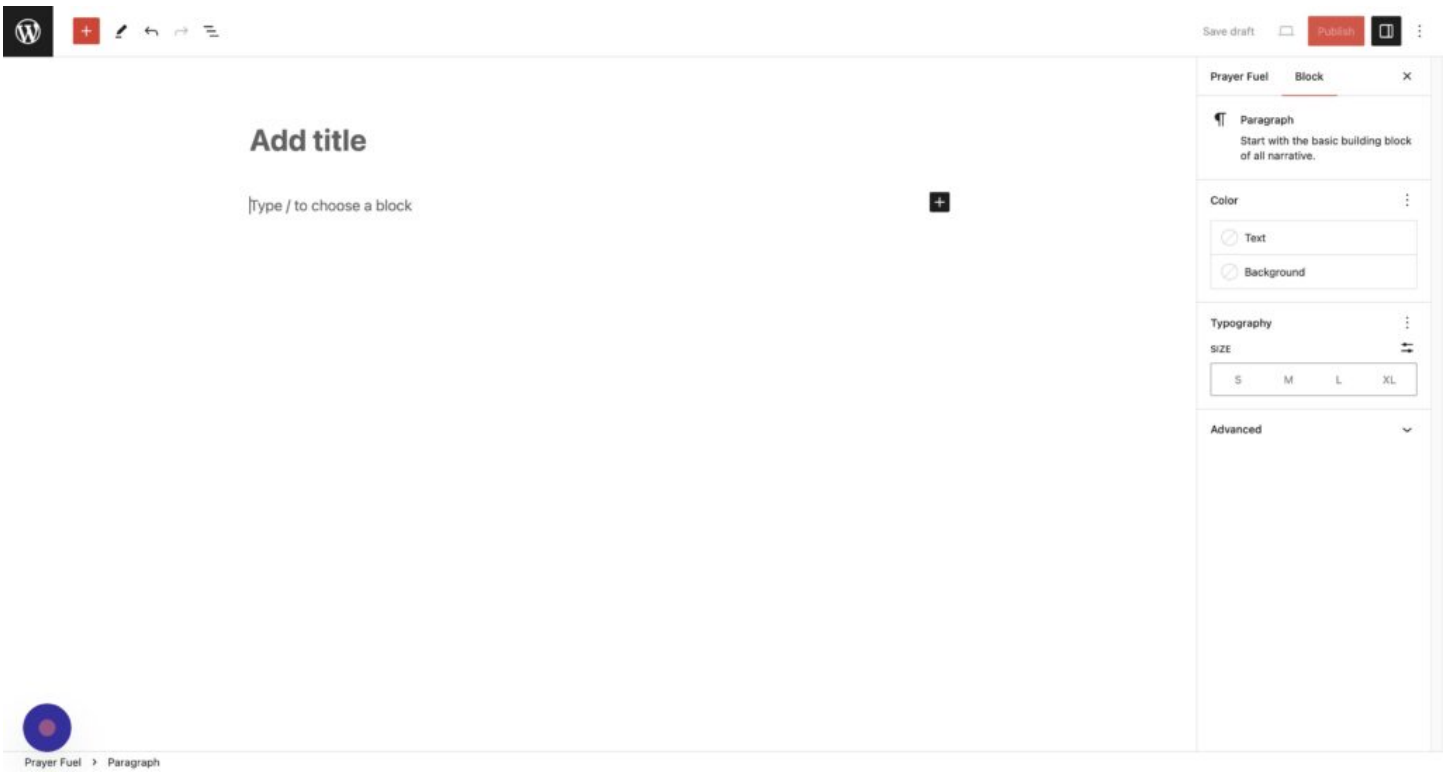

Step 4

Click "Type / to choose a block"

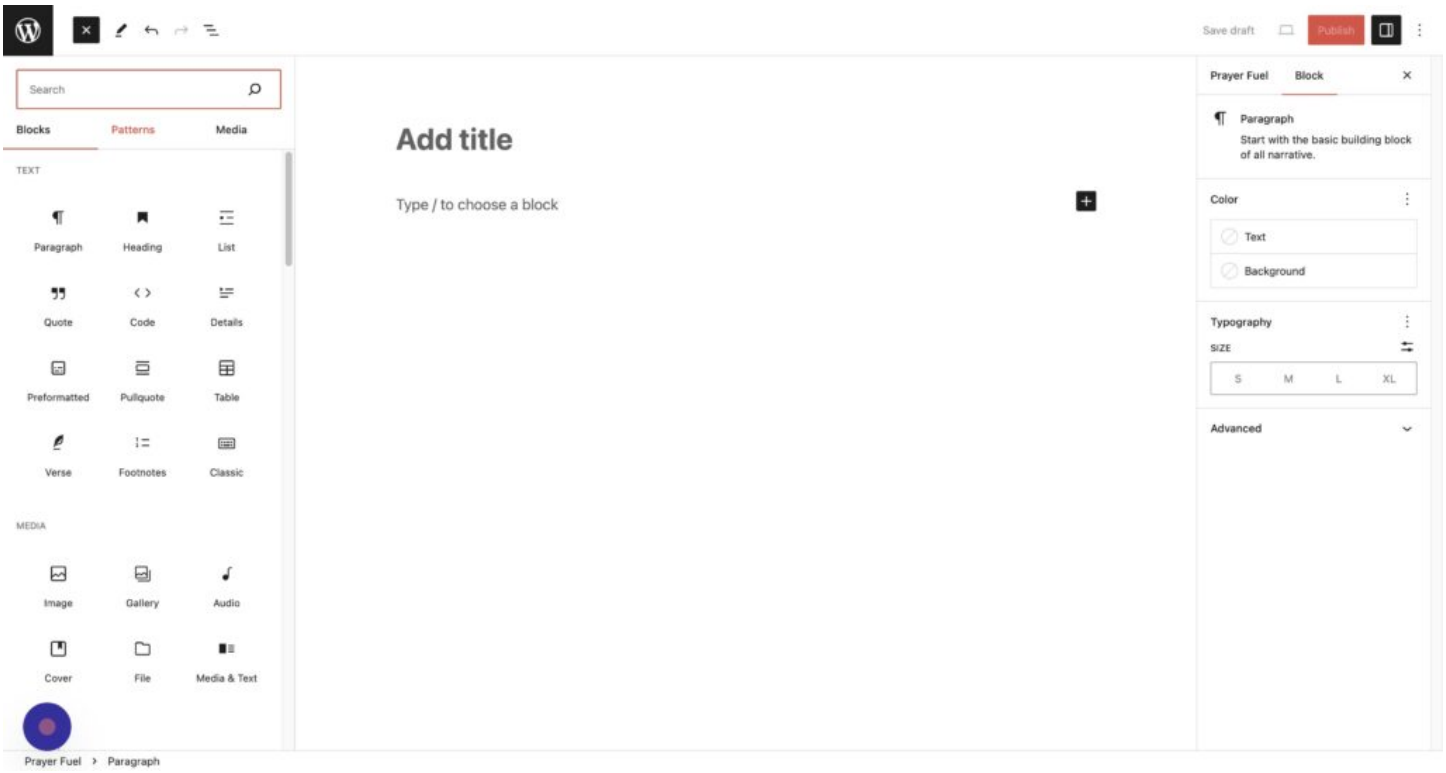

Step 5

Next we'll add a pattern. Click the + button.

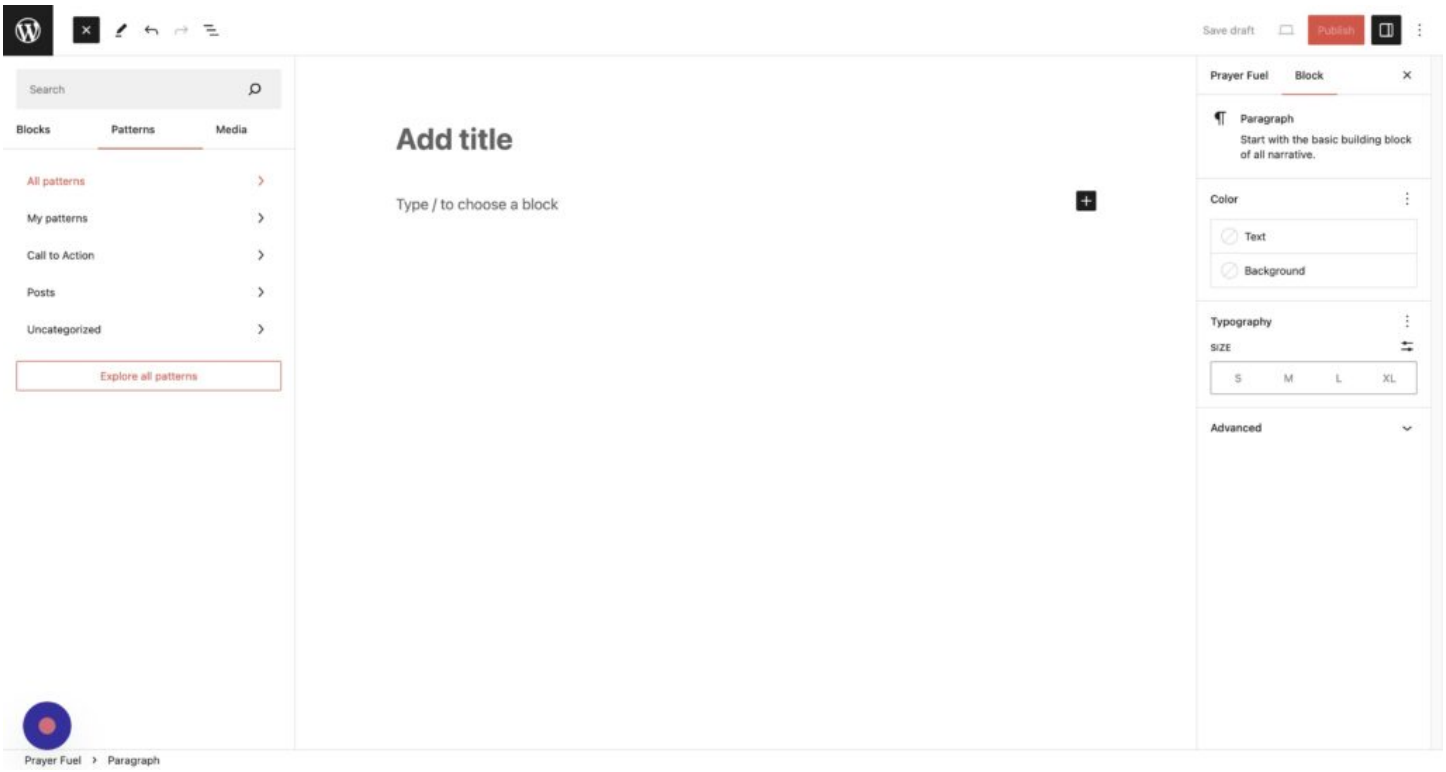

Step 6

Click "Patterns"

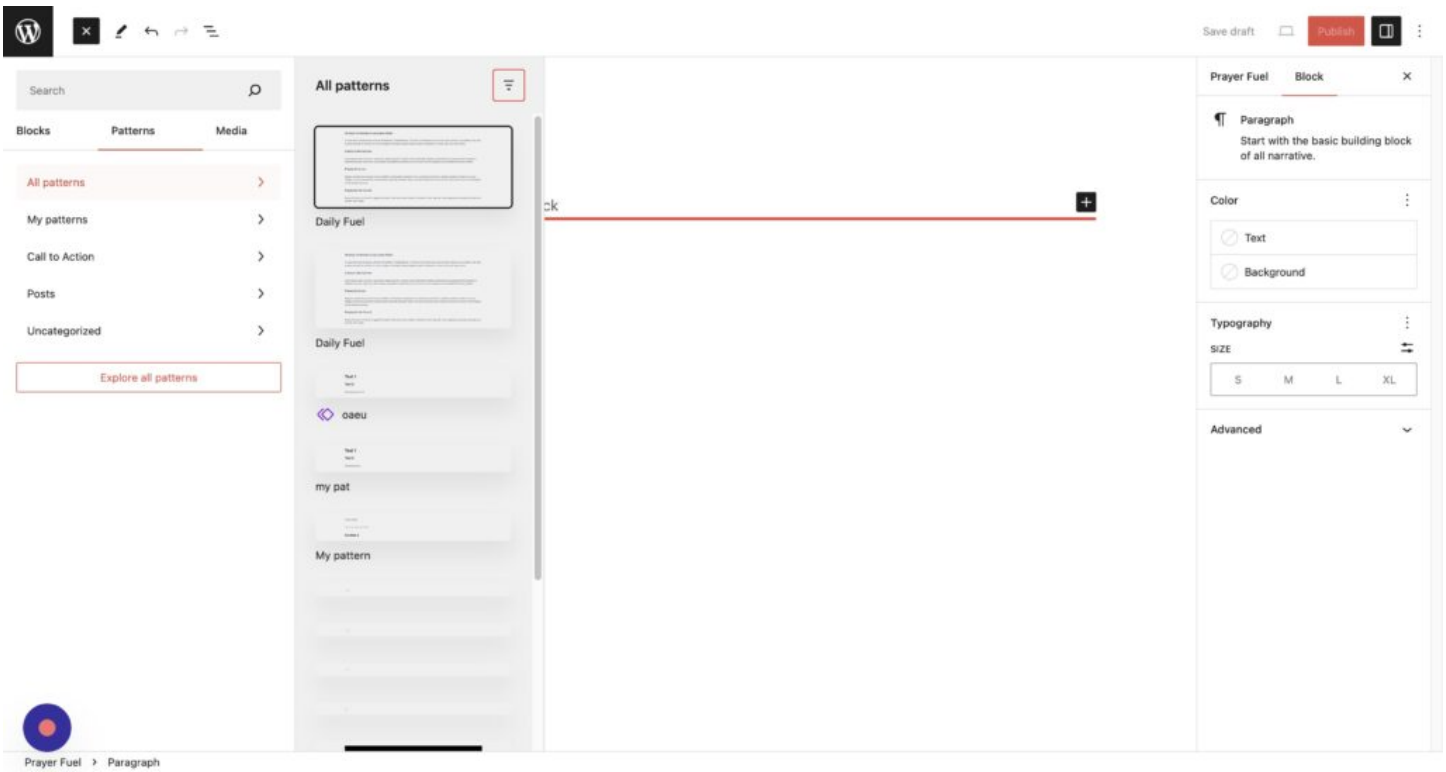

Step 7

Click "All patterns"

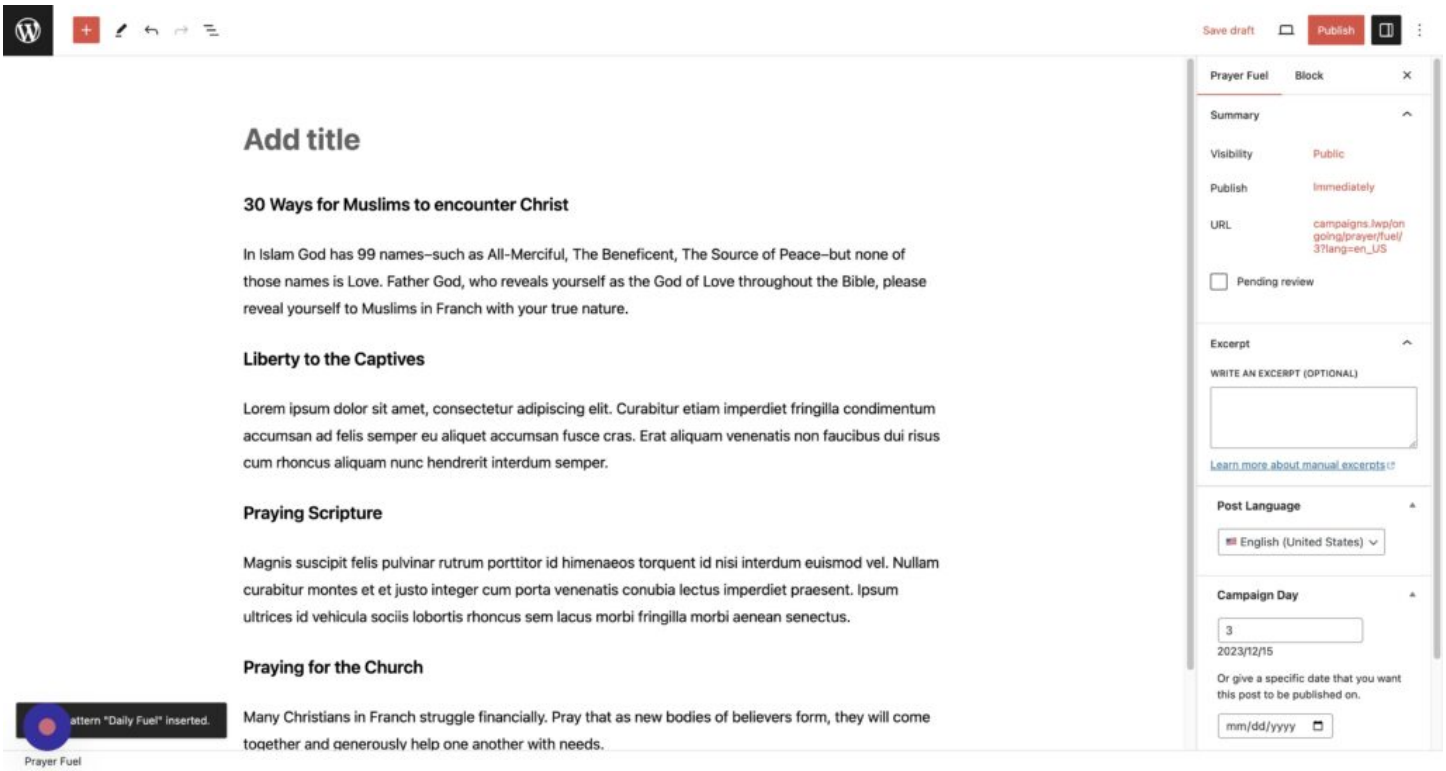

Step 8

Click the pattern you want to add

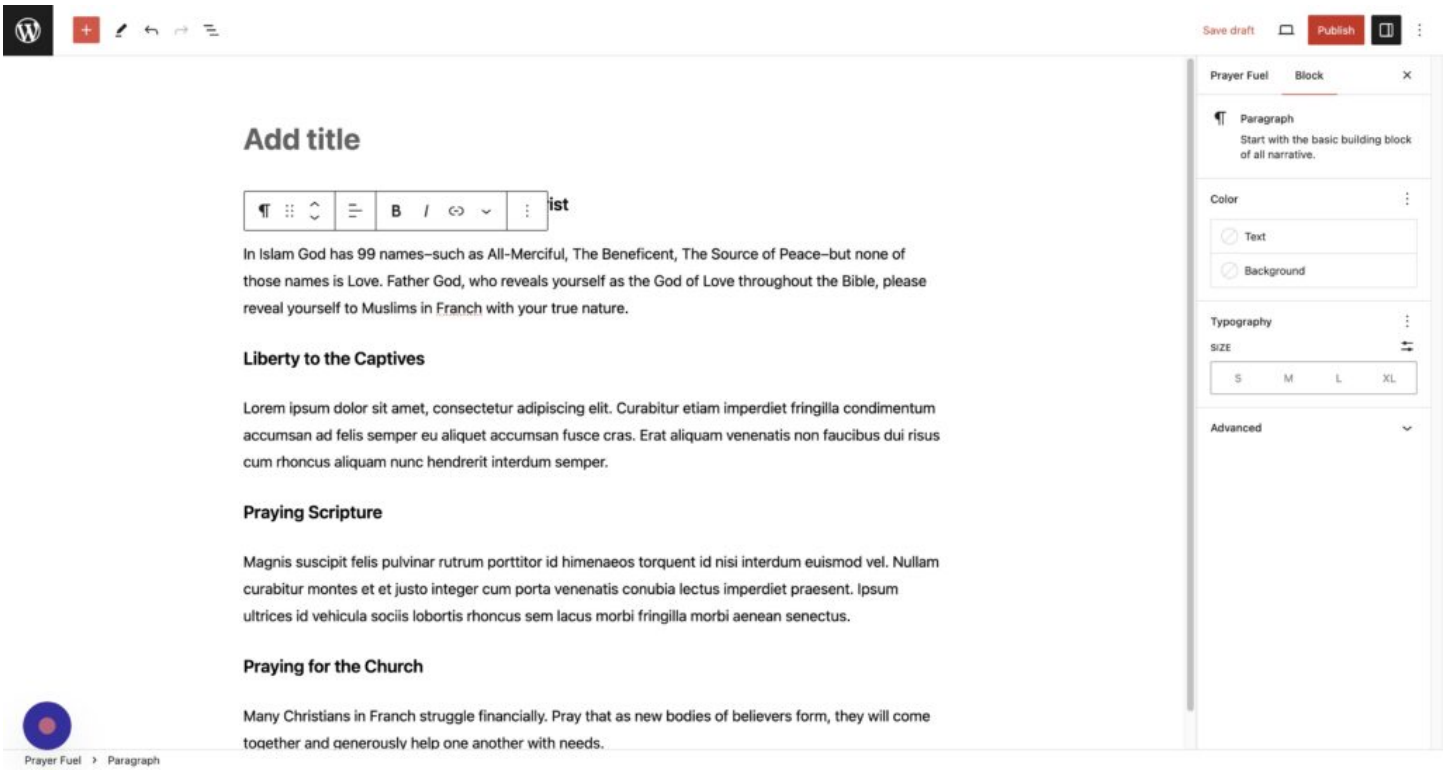

Step 9

Now you can modify the prayer fuel for the day

Step 10

When the content is ready, click "Publish"

Step 11

Click "Publish"
